

Lam Ngoc Khuong

Senior Software Engineer

hello@khuong.dev | khuong.dev | github.com/lamngockhuong | linkedin.com/in/lamngockhuong

Engineering leader with 10+ years building scalable systems and leading teams from zero to production. Now focused on building small, useful tools with an indie mindset. I value clarity, reliability, and shipping real things.

SKILLS

Languages: TypeScript, Java, Kotlin, Python, Go, SQL
Backend: Node.js, PostgreSQL, MySQL, Redis, Docker
Frontend: React, Astro, Tailwind CSS
Infrastructure: AWS, GCP, Cloudflare, GitHub Actions
